Conservation Campsites are places to relax, enjoy and explore the great outdoors. This map highlights the campsites managed by the Department of Conservation (DOC) throughout New Zealand that are accessible by campervans and other vehicles.

Basic campsites and campsites difficult to access by road are not listed here, you’ll find information on these campsites at [doc.govt.nz/campsites](http://doc.govt.nz/campsites).

Enjoy your journey!
WHAT TO EXPECT

SERVICED CAMPSITES  $15* adult; $7.50 youth/child

Age categories for fees:
Adult: 18+ years; Youth/child: 5–17 years; Infants: 0–4 years no charge.

* Some pricing exceptions do apply—check the individual campsite listing to confirm.

BOOKING AND PAYING FEES

Some campsites need to be booked in advance, either online at booking.doc.govt.nz or at any DOC Visitor Centre. If a booking is required, it is noted on this map. Charges may apply when booking through a Visitor Centre. Check the website as over time, more campsites will be able to be booked online.

Where bookings are not required, pay fees via the self-registration system at the campsite, or at a Visitor Centre. Fees are generally charged per person, per night, and reflect the level of facilities and services provided. Powered sites are $3 extra per person.

PLANNING YOUR TRIP

NZMCA PASSES
New Zealand Motor Caravan Association (NZMCA) pass holders: check your pass for exemption dates or special conditions, and that your pass is valid at your intended destination.

FREEDOM CAMPING
Experience New Zealand by camping responsibly. If you do wish to freedom camp, ask at Visitor Centres to find out where local restrictions exist as instant $200 fines now apply. For more information about freedom camping see doc.govt.nz/freedomcamping or camping.org.nz.

You could get a $200 instant fine by:
- Freedom camping overnight where there is a no camping sign.
- Freedom camping overnight where there is a self-contained sign and you are not using an approved NZ Standard self-contained vehicle.
- Depositing waste while freedom camping.

GRAVEL ROADS AND INSURANCE
If you are driving a rental vehicle, remember to check whether you are insured when driving on unsealed roads.

AT THE CAMPSITE

Campsites and Dogs
Dogs are not permitted at any Conservation Campsite unless the dogs permitted or dog on a leash symbol is present. With most campsites located in or near protected areas it is important that dogs are not taken into places where they may attack native wildlife.

BEWARE OF THIEVES
Remember to lock your vehicle and take your valuables with you.

PROTECT OUR WILDLIFE
Some of these campsites are in areas where native species are vulnerable to disease. You can prevent spreading disease by following some simple precautions, including cleaning gear before and after entering these areas. Look for notices at the campsites and local DOC Visitor Centres for details.

DIDYMO AND OTHER FRESHWATER PESTS
Didymo, also known as ‘rock snot’, is a exotic alga that invades waterways. This microscopic pest can be spread by a single drop of water. Even if you can’t see it, you could be spreading it.

CHECK, CLEAN, DRY: Stop the spread of didymo and other freshwater pests. A large number of Conservation Campsites are near rivers and lakes, so always remember to Check, Clean, Dry all footwear, bicycles, vehicles, fishing equipment and other items before entering, and when moving between, waterways. For more information and cleaning guidelines go to biosecurity.govt.nz/didymo or doc.govt.nz/stopthespread.
